

Composite: AO1

Year 10

Assessment objective 1 focuses on developing ideas from research. Students will conduct a range of research tasks such as artist copies, analysis and spider diagrams to collect a wide range of inspiration for their project. Students will then begin to develop their own ideas from their sources.

Composite: AO2

Year 10

Assessment objective 2 focuses on refining ideas through experimentation. Students will try a range of experiments relevant to their project idea and AO1 research. Students will learn how to refine their ideas, skills and techniques and how to evidence this in their work.

Composite: AO3

Year 10

Assessment objective 3 focuses on recording personal ideas. Students will record their own unique ideas through practical experiments, photography and written annotation. Students will learn how to present their ideas and intentions clearly whilst planning project outcomes.

Composite: AO4

Year 10

Assessment objective 4 focuses on presenting personal responses. A personal response is a student's own outcome that realises their project intentions. Outcomes should be unique, have strong concepts, demonstrate perfected skills and ideas and be inspired by previous research.

Composite: AO1

Year 11

Assessment objective 1 focuses on developing ideas from research. Students will conduct a range of research tasks such as artist copies, analysis and spider diagrams to collect a wide range of inspiration for their project. Students will then begin to develop their own ideas from their sources.

Composite: AO2

Year 11

Assessment objective 2 focuses on refining ideas through experimentation. Students will try a range of experiments relevant to their project idea and AO1 research. Students will learn how to refine their ideas, skills and techniques and how to evidence this in their work.

Composite: AO3

Year 11

Assessment objective 3 focuses on recording personal ideas. Students will record their own unique ideas through practical experiments, photography and written annotation. Students will learn how to present their ideas and intentions clearly whilst planning project outcomes.

Composite: AO4

Year 11

Assessment objective 4 focuses on presenting personal responses. A personal response is a student's own outcome that realises their project intentions. Outcomes should be unique, have strong concepts, demonstrate perfected skills and ideas and be inspired by previous research.
